

23<sup>rd</sup> February 2022

PCN (Product Change Notification) reference: **202125**

Subject: Knowles Original Supplier Relocation for Nickel and Copper Powder

Dear Customer,

The purpose of this notification is to advise that a Knowles original supplier for Nickel and Copper powder production has changed their location. There is no change to the Nickel and Copper powder ingredients, manufacturing process or material specifications.

The powder produced in new factory has been incorporated into engineering trial batches and has been confirmed to meet Knowles performance requirements for this type of material. Qualification tests and data packs are available on request.

Details regarding Knowles product ranges affected by this change are available on request. Samples are available on request.

For Nickel and Copper powder produced in new factory, there is no change with respect to Knowles product performance or specifications. There is no change necessary to customer assembly process.

Customers are requested to respond to this PCN within 30 days to advise if any samples or additional customer qualification is required.

If you require further information, please contact Maxmega sales.

Yours sincerely,

Alice Liu  
Quality Manager, Knowles Precision Devices
